TEACHING QUALITY AND STAFF DEVELOPMENT OF CDOE

MSCBU

1-Faculty Development Programmes (FDPs)

Faculty members of CDOE, MSCB University participated in FDPs on AI-enabled tools, NEP 2020, Indian Ethos and Knowledge Systems, and curriculum design. The programmes enhanced pedagogical skills, digital competencies, curriculum development, and understanding of Indian Knowledge Systems. These initiatives promoted continuous professional development, innovative teaching practices, and improved teaching quality and learner-centric education.

2-Skill Development Programme Conducted By CDOE For Faculty Members

The PM–USHA sponsored two-day Skill Development Programme, “Mastering Inclusive ODL: From Policy to Practice,” organized by the Centre for Distance and Online Education (CDOE), Maharaja Sriram Chandra Bhanja Deo (MSCB) University, strengthened teaching quality and staff development. The programme provided faculty members with practical knowledge of inclusive pedagogy, digital teaching methods, Learning Management Systems (LMS), assessment strategies, quality assurance, and emerging technologies including AI. Expert sessions enhanced teachers’ understanding of diverse learner needs, accessibility, and effective ODL practices. The programme promoted continuous professional development, innovation, reflective teaching, and technology-enabled education, thereby contributing to improved academic delivery and learner support. **Link -** <https://mscbu.ac.in/cdoe/annual-activities/>

3-One day Workshop Organized by CDOE MSCBU

The Centre for Distance and Online Education (CDOE), MSCB University, undertook significant initiatives to strengthen teaching quality and staff development during 2025–26. The National Seminar on Legal Awareness Generation Program: Abating the Tradition of Witch Hunting in Odisha, organized by the Department of Social Work, provided opportunities for faculty to engage with experts, researchers, and professionals. The MoU with Edu Guru Solutions, Pune, further promoted academic–industry collaboration through faculty and student skill enhancement, industry exposure, research projects, internships, career guidance, mentorship, and placement readiness. These initiatives contributed to continuous professional development, improved teaching practices, practical learning, employability, research orientation, and overall academic quality at CDOE, MSCBU. **Link -** <https://mscbu.ac.in/cdoe/annual-activities/>

4- Faculty Members Participate in National Conference

Faculty members actively participated in various conferences, seminars, and academic Programmes during 2025 and 2026, demonstrating their commitment to professional development and continuous learning. Dr. Sujata Panda participated in the State Conference “Vikash Manthan 1.0: Governance in Action” in 27th to 28th Feb 2026, contributing to discussions on governance and development. She also participated in the National Conference of Yog-AI: Transforming AI with Ancient Wisdom, organized by the Ministry of AYUSH in 13th March 2026. In addition, she attended the One-Day Seminar on “Yoga for Wellness, Wisdom and World Peace” in 9th April 2026. These academic engagements enhanced faculty knowledge, encouraged interdisciplinary learning, promoted professional networking, and supported the institution’s commitment to quality teaching, innovation, and holistic academic development.

5-Faculty of CDOE participated in professional training programmes

Faculty members actively participated in orientation programmes, teacher-training programmes, seminars, lecture series, and skill-development initiatives during 2025 and 2026. Dr. Sujoy Kundu participated in several significant academic and professional development programmes. These included the PM-USHA Sponsored Two-Day National Seminar on Peace and Value Education in Light of NEP 2020: Towards Holistic, Humane and Equitable Learning during 9th to 10th March 2026. In 2025, he participated in the Three-Day National Seminar during 9th to 11th December 2025 on Transforming Classroom Dynamics, the PM-USHA Sponsored Lecture Series “From Roots to Relevance: Integrating Indian Knowledge System” during 6th to 12th November 2025. These programmes strengthened pedagogical skills, promoted innovative teaching practices, and enhanced understanding of NEP 2020 and inclusive education.
